Attachment to 83-CLEAG

10th June, 1952

May I put on record how grateful we are for the friendly cooperation shown by your people in Athens on the occasion of the visit of our VALUABLE Air Liaison Officer, [redacted], to discuss matters of mutual interest.

On his return he reported enthusiastically regarding the free interchange of ideas on technical problems, as also aerial intelligence. I am certain that this interchange adds considerably to the chances of success of our respective operations.

Yours ever,
